

Kids' Chance of Florida, Inc. Provides Scholarships

We believe that we can make a significant difference in the lives of all children affected by a workplace injury by helping them pursue and achieve their educational goals.

What We Do

Kids' Chance of Florida, Inc. is a 501(c)(3) organization that was created for the purpose of creating, assisting and supporting Kids' Chance organizations throughout the United States and other similar programs that provide educational opportunities and scholarships for the children of workers seriously injured or killed on the job. We believe that by investing in our children's future, we can provide them with the tools and opportunities to be successful in the workplace, so that they can make a difference in their own and other people's lives.

Our supporters are a unique coalition of groups within the workers' compensation system, including labor, plaintiff and defense attorneys, judiciary, insurance industry, medical providers, vendors and other supportive businesses, which have come together to meet our collective goals.

Across the United States, all 50 Kids' Chance organizations help these children. They defray the cost of a college education through scholarships to children whose parent(s) have been injured or killed in the line of work. Each statewide Kids' Chance organization operates independently, obtaining funds for scholarships and evaluating scholarship applications.

As a non-profit organization, your help is critical to our success. Monetary donations from people like you make our work possible.

By making a generous gift to support this worthwhile organization, you can help a diverse group of students across the United States gain access to higher education, economic opportunity and a chance at a better future.

If you want to donate, please visit www.kidschancefl.org.

Our History

Robert Clyatt, a workers' compensation attorney from Valdosta, Georgia, founded the first Kids' Chance organization in 1988. Through his work, he had witnessed the life-shattering impact that a serious workplace injury had on the children of seriously or fatally injured workers, who were now faced with the difficulty of having to fund their own education. With the assistance of the Workers' Compensation Section of the Georgia Bar, Bob Clyatt incorporated Kids' Chance of Georgia and began raising money to fund educational scholarships for the children of injured Georgia workers, so that they could pursue their educational goals.

In 2007, the national organization, Kids' Chance of America, was formed to create, assist and support organizations throughout the United States with this simple purpose: raise money to provide scholarships for the children of workers seriously injured or killed on the job. The Kids' Chance state network has grown to include all 50 states.

In December of 2015, Kids' Chance of Florida was established. It is intended to serve the needs of Florida children of seriously or fatally injured workers.

#MoreMoneyforMoreKids

Celebrating 10 Years

Kids' Chance of Florida is proud to celebrate a decade of impact (2015–2025). For ten years, our chapter has expanded access to higher education by awarding scholarships to the children of Florida workers who have been seriously injured or killed on the job. This milestone is a testament to the unwavering commitment of our board, directors, ambassadors, and the generous corporate partners who champion the Kids' Chance mission.

KCFL is celebrating its 10 years of impact with 105 scholarships totaling over \$453,000.
